### Academy Textbook Purchasing Policy

1. In February of the academic year, the faculty and administration would determine the books, by grade and subject, for the upcoming year.
2. The administration will then make a list of these books, with ISBN numbers and prices.
3. This list will normally be made available to parents by June 1.
4. A date will be set in late June or early July for parents to bring in their used books and the parents can have a book swap. The CCA will also have used/new book available from the current inventory for parents to purchase (until the current inventory is eliminated).
5. The parents will have until July 31 to order books from the CCA. The parents can order all or part of the books off the list, but any books ordered must be prepaid.
6. The CCA will then place an order for the books and distribute them to the parents when the books arrive.
7. Any books that the students need, which are not purchased through the book swap or pre-ordered through the CCA, are the responsibility of parents to purchase from other sources.
